JACKSONVILLE STATE UNIVERSITY

April 15-17, 2021 - Virtual Conference
Extension of Call for Papers (Firm)

The ACM Southeast (ACMSE) conference is the oldest, continuously running, annual conference of the Association for Computing Machinery (ACM). ACMSE provides an excellent forum for students, faculty, researchers, and industry practitioners to present their research in a friendly and dynamic atmosphere in all areas of computer science.

ACMSE 2021 is organized by the Mathematical, Computing, & Information Sciences Department (MCIS Department) at Jacksonville State University (JSU), Jacksonville, Alabama. Due to the persistent COVID-19 emergency, it will be held fully online on April 15-17, 2021, as a virtual conference at a discounted price. The final program will be rich in events, including paper presentations, tutorials/workshops, and keynote speeches.

Call for Papers

Students, faculty, researchers, and scientists are invited to submit high-quality original technical manuscripts to ACMSE 2021. Three tracks are available: full papers, short papers, and abstracts. Submitted manuscripts should not have been published previously, nor be under consideration for publication elsewhere. The peer-review process will be "double-blind" where manuscripts shall be submitted, lacking author(s) names and affiliations. All accepted and presented articles at ACMSE 2021 will be published in the conference proceedings and the ACM Digital Library (ISBN: 978-1-4503-8068-3). At least one author of every accepted manuscript must register and present his/her article during the conference using videoconference technologies. Failure to do so will result in exclusion from the conference proceedings and the ACM Digital Library.

Full Papers: From 6 to 8 single-spaced pages in length. An acceptance rate of approximately 35% is anticipated for the Full Paper category. Awards for the best full papers will be presented. Accepted and presented full papers will be published in the proceedings and the ACM Digital Library.

Call for Papers (continued)

Short Papers: From 4 to 5 single-spaced pages in length. The acceptance rate is targeted at 45% for this category. Awards for the best short papers will be presented. Accepted and presented short papers will be published in the proceedings and the ACM Digital Library.

Abstracts: From 2 to 3 single-spaced pages in length. The Fast Abstract symposium seeks to bring together students, faculty, and researchers working in computer software and applications, and related fields. A fast abstract is a lightly reviewed article that may be presenting new ideas, work in progress, or opinions that address any issue relevant to computer software and applications. We also welcome contributions that may have thought-provoking ideas based on theory, application, or development experience, and may have initial or proof of concept results. The presenter will have the opportunity to discuss his/her research idea, methodology, and results with other peer researchers and receive useful guidance and feedback to refine his/her ideas or towards the completion of the research. Acceptance rate target is 55%. Awards for the best abstract will be presented. Accepted and presented abstracts will be published in the proceedings and the ACM Digital Library.

Scope

ACMSE 2021 invites prospective authors to submit their original technical work with significant research contributions on any aspects of computer science, information systems, and information technology. Both experimental results, as well as formal investigations, are equally welcome.

Submission Link

To submit a manuscript for evaluation at ACMSE 2021, use the EasyChair system (click here). Remember that the process of evaluation is "double-blind", and submitted manuscripts shall lack author(s) names and affiliations. You will be asked to select a track/category during the submission (full papers, short papers, or abstracts). Be sure you submit your manuscript to the correct track. Submitted articles shall be well formatted and use good English.

Manuscript Formats

Manuscripts (.PDF format) must follow the mandatory template provided by the ACMSE 2021 conference. You can read the instructions and find the LaTeX template in **http://acmse.net/2021/papers-format**.

Important Dates for Papers

- **Extended Deadline for Paper Submission (FIRM):** Jan. 16, 2021
- **Notification of Acceptance:** February 21, 2021
- **Due Date for Camera-ready:** March 7, 2021

Call for Posters

Due to COVID-19, the call for posters has been cancelled.

Organizing Committee

- **Chair:** Kazi Rahman — Jacksonville State University
- Deepak Acharya — University of Alabama in Huntsville
- Gaus Alam — Jacksonville State University
- Eric Gamess — Jacksonville State University
- Christopher Ogden — Jacksonville State University
- David Thornton — Jacksonville State University
- Monica Trifas — Jacksonville State University

Program Committee

- **Chair:** Eric Gamess — Jacksonville State University
- Asif Baba — Tuskegee University
- Ryan Benton — University of South Alabama
- Jay Bhuyan — Tuskegee University
- Marc Boumedine — University of the Virgin Islands
- Ernesto Coto — University of Oxford
- Conrad Cunningham — University of Mississippi
- Juan Díaz — Universidad del Valle
- Guillermo Francia — University of West Florida
- Arup Ghosh — Jacksonville State University
- Swetha Govindaiah — Globalscape, San Antonio
- Mario Guimaraes — Saint Martin's University
- Felix Hamza-Lup — Georgia Southern University
- Luis Jaimes — Florida Polytechnic University
- Anupam Jamatia — National Institute of Technology Agartala
- Dattatraya Kodavade — Shivaji University
- Sri Krishnaprasad — Jacksonville State University
- Julio López — University of Campinas
- Imadeldin Mahgoub — Florida Atlantic University
- Remi Megret — University of Puerto Rico
- Carlos Moreno — Central University of Venezuela
- Tathagata Mukherjee — University of Alabama in Huntsville
- Dibya Mukhopadhyay — Workday Inc.
- Timothy Newman — University of Alabama in Huntsville
- Partha Pakray — National Institute of Technology Silchar
- Mikel Petty — University of Alabama in Huntsville
- Wilson Rivera — University of Puerto Rico
- Eugenio Scalise — Central University of Venezuela
- Aviv Segev — University of South Alabama
- David Thornton — Jacksonville State University
